## LEAVE OF ABSENCE

A student who is returning from an official leave of absence shall make an appointment with the Office of Advisement prior to the beginning of the semester for which the student is to return. The purpose of this meeting is for the student to register for courses or, if the student is unable to return as intended, to officially withdraw from the College.

\* Students in the RN Program will be notified by the Program Director when they are able to register for classes.

A student who fails to return from a leave of absence and who fails to notify the College shall be deemed to have withdrawn from the College.

Placement in a program, following a leave of absence, is based on space availability.

A student returning from a leave of absence shall not be allowed to transfer credit earned while the student has been absent from the College.

The student must make arrangements to satisfy all financial responsibilities to the College prior to registering for courses.

Students granted a leave of absence for medical reasons must have a doctor's release to return to the college.
