US Energy Development Corporation, Getzville, NY

Position Title: IT Support (Part Time)

POSITION DETAILS

Part Time

Associates Required

Position Description U.S. Energy Development Corporation is adding an IT Support Generalist to their team in Getzville, NY. This position will be reporting to the IT Manager. This is a part time position with flexibility in the work schedule. The office is open Monday through Friday from 8:00 AM to 6:00 PM. The IT Support Generalist is responsible for performing IT Service Desk operations which interface with end users of IT systems from U.S. Energy and its subsidiaries. These operations include answering the IT Service Desk inquiries, recording problems/requests, providing Level-1 technical support for troubleshooting and resolving open issues, forwarding Level-2 and higher issues to the proper IT resources for resolution, and following up with both end-users and IT personnel on project status. The IT Support Generalist will be responsible for the initial reception, triage, and documentation of all U.S. Energy IT issues being logged via the U.S. Energy IT Service Desk. It is expected that a successful IT Support Specialist will be able to create a superior customer service environment, while also being able to diagnose and resolve most issues on the initial customer contact. This position will also assess the severity of problems related to business impact and determine appropriate course of action required for each problem. This position must develop and maintain good working relationships, resolve problems, and positively influence others. Key Responsibilities: IT Service Support: •Answer the inquiries coming to the IT Service Desk station. •Gather pertinent information about problems/requests. •Enter the incident into IT Service Desk Software System. •Strive to resolve a majority of issues directly. •Escalate open tickets to proper IT Staff for problem resolution. •Follow up with end-users and IT Manager on status. Communications Support: •Support for the phone system, cell phones and voicemail system. Executing Procedures: •Network, email, print queue management, business systems. Documentation: •Maintain working knowledge of the utilized technology to provide support. •Increase communication of Information Technology's activities and procedures. •Maintain inventory of corporate IT assets. IT Service Desk Development: •Increase initial inquiry resolution through standard documentation. •Continuous improvement of communications and IT Service Desk programs. •Maintain all IT documentation Including the IT library and supplemental information. •Work towards best practices. Technical Assessment: •Hardware installation, maintenance and support. •Software installation, maintenance and support. •Network maintenance and support.

Qualifications/Skills •Verbal and written communication skills which are geared towards customer satisfaction. •Ability to identify, research, and resolve IT level-1 issues in a timely manner, and quickly escalate non-resolvable issues to the appropriate IT team. •Proficiency in areas relating to computer hardware, computer operating systems and desktop applications. •Commitment to ongoing training and new system implementation. •Demonstrated ability to manage priorities and handle multiple tasks successfully. •Demonstrated ability to handle complex communication situations with the end users independently. •Ability to develop effective working relationships with co-workers and administration. •Ability to make contacts with other departments, requiring judgment to ensure effective support. •Customer service skills. Required Experience: •Progress toward a Degree or Trade School Certificate, in Information Technology or equivalent is desired. •1+ years IT-related job experience desired, equivalent education may be substituted. •Familiarity with Windows operating systems, Microsoft Office Suite and hands on working knowledge of the PC environment hardware and software is a requirement. •Must have the ability to work closely with both end-users and IT staff in providing solutions to system problems. •Must have exceptional verbal, written and communication skills, as well as have good public relations skills. •Must have commitment to ongoing education and development of self and others. •Must be able to communicate via telephone and electronically with team members and customers. •Must be able to hear/understand/speak with team members at all levels within a diverse workforce. •Must be able to lift documents/work materials up to 50 pounds in weight.

Application Deadline: 2016-10-31
